

Over the course of hundreds of years Almighty God has inevitably seemed to raise up religious communities to meet the special needs of the day...My reading of the 'signs of the times'...impels me to believe that the Holy Spirit, 'brooding over the bent world,' wants to inspire a religious community whose charism would be uniquely the protection and advancement of human life itself."

-John Cardinal O'Connor

THE GUILL

PLEDGE OF LIFE

“Under the protection of Our Lady of Guadalupe, I pledge:

to foster within myself a contemplative outlook which recognizes every human life as a Gift.

to proclaim in word and action the truth of the dignity of every human life from conception until natural death.

to live with generous self-giving love, in mutual reconciliation and with reverence for all.

to stand against the temptation to give in to discouragement in the face of sickness, suffering or diminishment of life, whether in my own life or that of another. Rather, I will confront the darkness of fear with love and practical compassion.

With the help of God, I will uphold this promise, to live, celebrate and proclaim the Gospel of Life in the circumstances of my daily life
